

WPR/RC47(2) REGIONAL PRIORITIES

The Regional Committee, having discussed the Report of the Regional Director on the Work of WHO in the Western Pacific Region for the period 1 July 1995 to 30 June 1996², and the proposed programme budget for 1998-1999³ decided to increase the number of regional priorities from six to seven, including "Management and control of new, emerging and re-emerging diseases", as the seventh.
