

The Regional Committee,

Having, as a part of its consideration of the proposed programme and budget estimates for 1958, reviewed the Basic and Supplemental Programmes, and the Supplementary List of Projects which were requested by governments and recommended by the Regional Director, but which could not be accommodated within the tentative regional allocations for 1957 and 1958, or in the proposed Technical Assistance estimates for 1957,

Recalling that the Supplemental Programme is expected to be implemented only to the extent to which inactive Members resume active participation in the work of the Organization, and that no source of financing the projects in the Supplementary List can be foreseen at this time,

1. BELIEVES that the projects in the Supplementary List should be considered part of the regional programme and should therefore be forwarded to the Director-General for submission to the Executive Board and the World Health Assembly;
2. REQUESTS the Regional Director to implement as many of the projects in the Supplemental Programme and Supplementary List as possible, as and when funds are available, from whatever source;
3. AUTHORIZES the Regional Director to establish priorities in implementing projects in the Supplemental Programme and Supplementary List.
