SPECIFIC PERIOD (1984-1989): PRELIMINARY REVIEW
OF NATURE, OBJECTIVES, STRUCTURE AND METHOD OF
PREPARATION (Document WPR/RC30/25)

Document WPR/RC30/25 presents a discussion paper to the Regional Committee to enable it to make a preliminary review of the nature, objectives, structure and method of preparation of the Seventh General Programme of Work covering a specific period (1984-89). The objectives of the Seventh General Programme of Work will focus on the long-term goal of attainment by all the citizens of the world by the year 2000 of a level of health that will permit them to lead a socially and economically productive life.

The Committee will therefore wish to relate this preliminary review to the previous discussion, under agenda item 14, on national strategies and plans of action for attaining that goal.
